About Me

I'm a front-end web craftsman who indulges Cascading Style Sheets and their friends. If you are into coding you will find me as @CSSence on the Internet.

I'm passionate about accessible web development, as well as state-of-the-art user interface design, especially in regards to web applications.

My spare time interests include minimalism and degrowth, but also some more tangible things like long distance running and reading.

Work Experience

OCTOBER 2017 – PRESENT

George Labs GmbH, a subsidiary of Erste Group,
30+ employees; in Vienna, Austria.
